included in the total cost shown on the table. Fringe benefit rates are calculated annually by the Massachusetts Office of the Comptroller and approved by the U.S. Department of Health and Human Services. Indirect costs are the sum of department overhead costs, as determined in the Indirect Cost Rate Calculation prepared by the Comptroller; a separate indirect cost rate is calculated for each department. The assessment of fringe benefits on Federal funds is mandated by section 6B of Chapter 29 of the Massachusetts General Laws. Section 5D of the same law extends that assessment to all other funds of the Commonwealth except the General Fund. Indirect costs are assessed against all federal, non-budgeted special revenue, and trust fund accounts unless an explicit exemption applies.

Travel

Travel costs are actual costs incurred by Commonwealth representatives for attendance at meetings of the Trustee Council, its committees, or related Trustee Council activities, such as site visits and inspections.
